Prepared for

**Patton Group OPC, doing business as Kazuko Ramenba Japanese Restaurant**

2 Constellation Street, corner Makati Avenue, Makati City, 1209 Metro Manila, Philippines

Agreement Version 2 • Effective Date: date of last signature

**This draft must be reviewed and approved before customer delivery.**

## 1. Parties and Agreement

This SmeAIHub Founding Pilot Restaurant Services Agreement (the “Agreement”) is between UandWorld LLC, a Florida limited liability company with an address at 7901 4th St N, Suite 300, St. Petersburg, Florida 33702 (“UandWorld”), and Patton Group OPC, doing business as Kazuko Ramenba Japanese Restaurant, with a business address at 2 Constellation Street, corner Makati Avenue, Makati City, 1209 Metro Manila, Philippines (“Customer”). UandWorld and Customer are each a “Party” and together the “Parties.” The Agreement becomes effective on the date of the last authorized signature (the “Effective Date”).

## 2. Pilot Objective

UandWorld will provide a focused 90-day SmeAIHub implementation designed to organize Customer’s approved restaurant knowledge, improve the handling of guest inquiries, support appropriate human handoffs, and establish a repeatable foundation for customer growth.

## 3. Services and Scope

The pilot includes the following services:

- Business diagnosis: map current guest inquiry, reservation, menu, and escalation processes.
- Restaurant knowledge base: structure approved menu, hours, location, policies, promotions, and frequently asked questions.
- Inquiry workflow: create a consistent flow for guest questions, booking intent, and human handoff.
- AI assistant configuration: configure answers from approved knowledge with clear escalation boundaries.
- Team review and training: validate answers, test workflows, and prepare assigned staff for daily use.
- Monthly optimization: review gaps, update approved knowledge, and improve the workflow during the pilot.

Out of scope. Unless the Parties approve a written change, the pilot excludes custom point-of-sale development, guaranteed reservation availability, paid media spend, hardware, third-party subscription fees, and representations made without Customer-approved source information.

## 4. Implementation Schedule

| Phase             | Timing     | Activity                                                           |
|-------------------|------------|--------------------------------------------------------------------|
| Discover          | Week 1     | Collect goals, approved business knowledge, and current workflows. |
| Build             | Weeks 2–3  | Configure knowledge, inquiry flow, and AI-assisted responses.      |
| Validate          | Week 4     | Complete team testing, corrections, and staff training.            |
| Operate & improve | Days 31–90 | Launch, monitor usage, and complete monthly reviews.               |

## 5. Customer Responsibilities

- Provide accurate and current menu, hours, policies, promotion, reservation, and contact information.
- Assign one decision-maker with authority to approve knowledge and workflow decisions.
- Review and approve proposed knowledge, AI responses, and escalation boundaries promptly.
- Participate in testing, training, and pilot reviews and promptly report incorrect or unsafe output.
- Maintain lawful rights to all information, logos, content, and personal data supplied to UandWorld.

## 6. Fees, Taxes, and Payment

**Setup Fee.** Customer will pay a one-time setup fee of PHP 20,000.

**Monthly Platform Fee.** Customer will pay PHP 9,900 per month during the pilot. The first monthly platform fee is included in the initial payment.

**Initial Payment.** PHP 29,900, plus applicable taxes, is due after signing and before implementation begins. Each later monthly platform fee is due on the same billing date through Stripe while the pilot remains active.

**Taxes.** All stated fees exclude taxes. Customer is responsible for applicable sales, value-added, withholding, or similar taxes, except taxes imposed on UandWorld's net income. If Customer is legally required to withhold tax, Customer will provide the corresponding official tax documentation.

**Late or Failed Payment.** UandWorld may suspend work or platform access after written notice if an undisputed payment is overdue or fails, without extending the pilot schedule.

## 7. Term and Early Termination

The Agreement begins on the Effective Date and continues for 90 days unless terminated for material breach. Customer may not terminate the pilot for convenience. Either Party may terminate if the other Party materially breaches this Agreement and does not cure the breach within ten (10) days after written notice. Nonpayment may be treated as a material breach. Fees already paid are non-refundable except to the extent required by law.

The pilot does not automatically renew or silently convert into a long-term contract. Any extension or standard subscription must be confirmed separately in writing by both Parties.

## 8. Changes and Acceptance

Any material change to scope, pricing, schedule, data use, or responsibilities must be approved in writing by authorized representatives of both Parties. The SmeAIHub contract assistant may explain approved terms but has no authority to amend this Agreement. Customer will review deliverables reasonably promptly and identify material errors with enough detail for UandWorld to investigate.

## 9. AI-Assisted Services and Human Oversight

AI-generated output may be incomplete, inaccurate, or inappropriate. Customer will not rely on the service as the sole source for legal, financial, safety-critical, allergy, medical, employment, or other high-risk decisions. UandWorld will configure escalation boundaries, but Customer remains responsible for final business decisions, guest communications, reservation commitments, menu accuracy, and staff actions.

## 10. Customer Data and Confidentiality

Customer retains ownership of Customer data. UandWorld may access and use Customer data only to provide, secure, support, and improve the agreed services. UandWorld will not sell Customer data or use it to train public AI models. Each Party will protect the other Party's non-public business information using reasonable care and will disclose it only to personnel and service providers who need it for the Agreement and are bound by appropriate obligations.

Confidentiality does not apply to information that is public without breach, already lawfully known, independently developed, or lawfully received from a third party. A legally required disclosure is permitted after reasonable advance notice when lawful.

## 11. Intellectual Property

Each Party retains its pre-existing intellectual property. Customer retains its business content, data, marks, and materials. UandWorld retains SmeAIHub, its software, methods, templates, prompts, workflow designs, generalized know-how, and improvements that do not disclose Customer confidential information. During the Agreement, UandWorld grants Customer a limited, non-exclusive, non-transferable right to use the configured service for Customer's own restaurant operations.

## 12. Third-Party Services

The service may rely on third-party hosting, payment, electronic signature, messaging, and AI providers. Their availability and processing are subject to their own terms and technical limitations. UandWorld will use reasonable care in selecting and configuring such providers but does not control their independent systems.

## 13. Warranties and Disclaimer

Each Party represents that it has authority to enter this Agreement. UandWorld will perform the services in a professional and workmanlike manner. Except for this express warranty and to the maximum extent permitted by law, the service is provided "as is" and UandWorld disclaims implied warranties, including merchantability, fitness for a particular purpose, and non-infringement. UandWorld does not guarantee specific revenue, booking, conversion, response-time, or AI-accuracy results.

## 14. Limitation of Liability

To the maximum extent permitted by law, neither Party will be liable for indirect, incidental, special, exemplary, punitive, or consequential damages, or loss of profits, revenue, goodwill, or data, arising from this Agreement. Except for payment obligations, fraud, willful misconduct, breach of confidentiality, or infringement of the other Party's intellectual property rights, each Party's aggregate liability will not exceed the total fees paid or payable under this Agreement. This section should be reviewed by qualified counsel before production use.

## 15. Governing Law and Venue

This Agreement is governed by the laws of the State of Florida, without regard to conflict-of-laws principles. The Parties consent to exclusive jurisdiction and venue in the state or federal courts located in Pinellas County, Florida, and waive objections based on inconvenient forum, to the extent permitted by law.

## 16. Notices

Formal notices must be in writing and delivered by email with confirmation or by recognized courier to the addresses below, or to an updated address provided in writing. Notices to UandWorld: ceo@uandworld.com and 7901 4th St N, Suite 300, St. Petersburg, FL 33702. Notices to Customer: the signer email entered during signing and Customer's address stated above.

## 17. General

Neither Party may assign this Agreement without the other Party's written consent, except in connection with a merger, reorganization, or sale of substantially all relevant assets. The Parties are independent contractors. Neither Party may bind the other. If a provision is unenforceable, it will be limited to the minimum extent necessary and the remainder will continue. A waiver must be in writing. Headings are for convenience only.

This Agreement, including the approved Deal Room terms incorporated by reference, is the complete agreement regarding the pilot and replaces prior discussions on the same subject. Electronic signatures and counterparts are effective as originals. If the Deal Room and this Agreement conflict, this signed Agreement controls.

## SIGNATURES

By signing below, each signer represents that they are authorized to bind the identified Party and agrees to the terms of this Agreement.
